Under the efusjon energy club's revolutionary community compensation structure, you get rewarded in ways you never dreamed possible. It's a unique opportunity never before seen in the direct sales industry!

Our "Community Overlap" plan rewards you not only for your efforts and your organization's efforts, but even for the efforts of people beside you and above you within the community matrix! With overlapping support from active Associates from the left, the right, and above your organization, you can get paid for the efforts of people completely unaffiliated with you.

How do I get paid?

*In the efusjon energy club, you have **6** distinct opportunities to brighten your financial future:*

GROW YOUR BUSINESS
with efusjon's product volume bonus

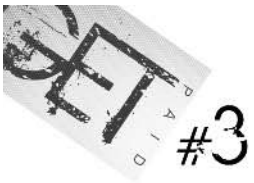

\$75.00

ASSOCIATE PRODUCT VOLUME BONUS: If you are an active efusjon Associate or Executive, for every new active Associate that you enroll you will receive a one-time \$75.00* product volume bonus based on the new volume generated by this new active Associate in the next weekly bonus cycle, either by Check or Direct Deposit. This product Volume Bonus will be paid instead of the residual matrix commission for that month. Each new active Associate will be placed in the community matrix. Yourself and all others in the community matrix will begin receiving residual income on this new Associate's volume, the following month.

For example: The first residual matrix commission for an active Associate enrolled in October would be December 10th after their first autoship order in November.

* A \$3.00 processing fee will be deducted from each bonus check or Direct Deposit amount.

GROW YOUR BUSINESS
with efusjon's product volume bonus

\$200.00

COACH PRODUCT VOLUME BONUS: When an active efusjon Associate or Executive is enrolling a new Associate, they will have the option to place an efusjon Distributor ID# in the "efusjon Coach" box. This ID number must belong to an efusjon Distributor who has achieved the rank of Associate or higher. This may be you, your enroller, a team leader or anyone else who has reached the rank of Associate. The goal of an efusjon Coach will be to "Pay it Forward" by helping new Associate(s) generate \$360.00 of product volume within 30 days by enrolling 3 new active Associates (who generate \$120.00 in product sales volume each) and thereby achieving the rank of Executive. For every new Associate that achieves the rank of Executive within 30 days of their join date, the efusjon Coach, attached to that Associate, will receive a one-time \$200.00* bonus for the \$360.00 of product volume generated. The efusjon Coach Product Volume bonus will be paid in the following weekly bonus cycle after the new Associate is promoted to efusjon Executive.

* A \$3.00 processing fee will be deducted from each bonus check or direct deposit amount.

PERSONAL ENROLLEE SALES VOLUME

4.50%

As an Executive you will receive 4.50% of total sales volume for each active, personally enrolled Associate and your personally enrolled Associates' down line every month. As your organization grows, so does your income (See example below).

*These percentages are limited to a Maximum of 50% total product sales volume. The maximum/minimum total product sales volume means that we at efusion will always payout no less or more than 50% of total product sales volume to the field. For example, if efusion's payout to the field for any given month is less or more than 50% total product sales volume, then efusion Executives could see a variance to meet the 50% mark.

COMMUNITY OVERLAP

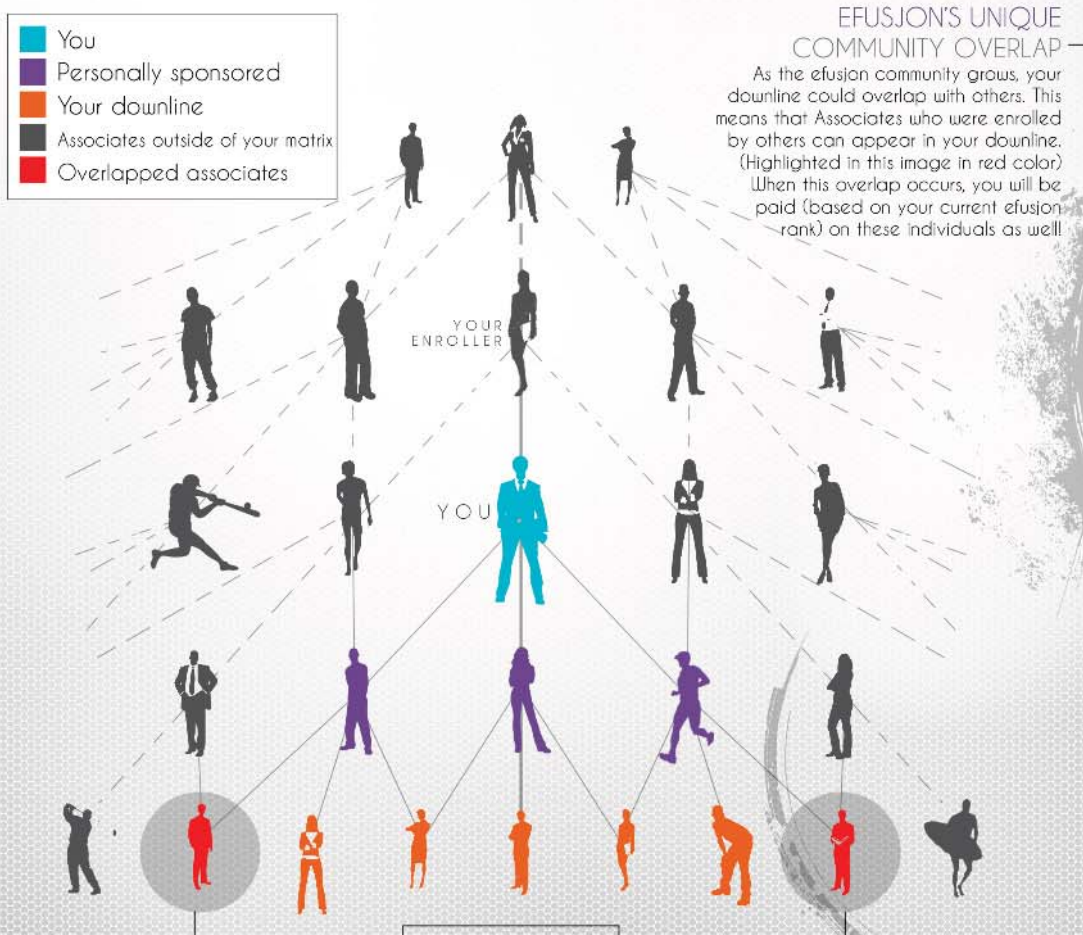

SALES VOLUME

2.25%

COMPENSATION PLAN

2.25% of total sales volume is paid on the Associates in your downline that were placed in your matrix through the Community Overlap.*

*These percentages are limited to a Maximum of 50% total product sales volume. The maximum/minimum total product sales volume means that we at efusjon will always payout no less or more than 50% of total product sales volume to the field.

For example, if efusjon's payout to the field for any given month is less or more than 50% total product sales volume, then efusjon Executives could see a variance to meet the 50% mark.
