**SPOTLIGHT PRODUCT:** Dawn

**SPOTLIGHT INGREDIENTS:** Quercetin, Caffeine

**SPOTLIGHT FLAVOR:** Citrus

**SPOTLIGHT BENEFITS:** Boosts endurance. Antioxidant rich. Fights against fatigue, depression & anxiety.

You've heard it a million and one times... an apple a day keeps the doctor away. Well now we may know why this old adage is true. Introducing efusjon Dawn with Quercetin. Quercetin is a phytochemical that is part of the coloring found in the skins of apples, red grapes, cherries, and raspberries, and is also in red wines. Quercetin is a powerful source of antioxidants and is also a natural anti-histamine and anti-inflammatory. Efusjon Dawn helps to boost endurance, and is a good weapon against fatigue. The sustained effect of quercetin is due to its long half-life in the blood. According to studies, quercetin stays on the job three times longer than caffeine. A medium sized apple contains approximately 9mg of quercetin. An 8.4oz can of efusjon Dawn contains 250mg of quercetin which would be equivalent to eating approximately 27 medium sized apples! Looking for healthy, sustained energy? When morning breaks, greet it with a can of Dawn.
